

Actions That Support Groups With A Responsibility For Keeping The Country Strong

There are certain groups whose jobs were specifically created to keep the country strong. Strong in the sense of safe; Strong in the sense of fair, useful and enforced laws; Strong in the sense of educated citizens; and Strong in the sense of talented leaders with the best interest of the country at heart. These groups include:

- Elected officials
- Firemen
- Judicial officials and juries
- Law enforcement individuals
- Military personnel and veterans
- K - 12 teachers

By understanding the issues these groups face; by supporting and *challenging* them when appropriate; and by ensuring that these groups attract the most talented individuals and have the resources they need to carry out their functions, we can help them do a better job and make the country a better place to live.
